The Autumn Family Festival is the most popular and well-known special event of our association that is a large get-together every year. This year the Hungarian Open Air Museum in Szentendre hosts the event (<http://skanzen.hu/en>) expecting 3800 people who all live in large families.

Walking among the 100-200 year-old buildings will be a special experience for the families who can encounter with the past and the traditions in Szentendre. Lifestyle of different regions of Hungary is presented in the museum.

Rich programmes and various exhibitions are organised for the altogether 700 pre-registered large families (thematic exhibitions, fun spots, handicraft programmes and workshops).

One of the main ambitions of NOE is the propagation of marriage, so five couples will have the exceptional opportunity to get married during the Autumn Family Festival. NOE has the pleasure to welcome Katalin Novák, Minister of State for Family and Youth Affairs at the event.
